America's Hidden History: Untold Tales of the First Pilgrims, Fighting Women, and Forgotten Founders Who Shaped a Nation Kenneth C. Davis

Kenneth C. Davis, author of the phenomenal *New York Times* bestseller *Don't Know Much About History*, presents a collection of extraordinary stories, each detailing an overlooked episode that shaped the nation's destiny and character. Davis's dramatic narratives set the record straight, busting myths and bringing to light little-known but fascinating facts from a time when the nation's fate hung in the balance.

Spanning a period from the Spanish arrival in America to George Washington's inauguration in 1789, *America's Hidden History* is an iconoclastic look at America's past, connecting some of the dots between history and today's headlines, and proving why Davis is truly America's teacher.

Find out:

- Which Pilgrims arrived in Florida fifty years before the Mayflower sailed.
- What Supreme Court Justice went to prison.
- What traitor is honored with a statue for his bravery.
- Which fighting woman in colonial New England scalped her Indian captors.
