CCNP Security SISAS 300-208 Official Cert Guide

CCNP Security SISAS 300-208 Official Cert Guide from Cisco Press enables you to succeed on the exam the first time and is the only self-study resource approved by Cisco. Cisco security experts Aaron Woland and Kevin Redmon share preparation hints and test-taking tips, helping you identify areas of weakness and improve both your conceptual knowledge and hands-on skills.

This complete study package includes

- A test-preparation routine proven to help you pass the exam
- “Do I Know This Already?” quizzes, which enable you to decide how much time you need to spend on each section
- The powerful **Pearson IT Certification Practice Tests** software, complete with hundreds of well-reviewed, exam-realistic questions, customization options, and detailed performance reports
- A final preparation chapter, which guides you through tools and resources to help you craft your review and test-taking strategies
- Study plan suggestions and templates to help you organize and optimize your study time

Well regarded for its level of detail, study plans, assessment features, challenging review questions and exercises, video instruction, and hands-on labs, this official study guide helps you master the concepts and techniques that ensure your exam success.
