Hey, podnah! Do you like adventure? If you cannot go yourself, reading wonderful tales of treasure lost is the next best thing!! The subject is lost gold mines and buried treasures of your state and all the other states in the United States. One separate book for each state. These fine volumes do not just contain true stories. They also contain half a dozen or so (HOW TO) chapters! Basic, very interesting and useful. They are the most complete treasure hunting manuals on the market that I have seen. The chapters are as follows. The lost art of reading ancient Spanish mining and treasure symbols. Exiting new information on stone markers and monuments that lead to treasure. Where to find gold in rivers and streams. Information on the little known skill of dowsing for treasure and minerals. Excellent diagrams of real Spanish death traps that were pulled from ancient manuscripts. The IRS treasure trove laws. Antiquities laws. These are real man sized books!! Eight and a half by eleven. They even have extra pages to use for notes when out in the field.
