**Religious and Political Ethics in Africa: A Moral Inquiry (Contributions in Afro-American & African Studies) Harvey J. Sindima**

This volume investigates the causes of the political, economic, and moral problems of today's Africa and provides a framework for the reconstruction of modern African states. The author focuses on the interaction between religion and politics throughout history and on the role of the Church in postcolonial Africa. In order to develop a basis for African political and religious ethics, he uses an interdisciplinary approach that draws from political theory, history, and social and religious ethics. Among the issues discussed are ethnicity, mismanagement, corruption, and the African concept of power.
