The world, as we know it, has ended.

One man stands resolute. A man who has been trained in the savage arts of war. A man who lives his life according to a creed. A simple man who wants none of the power thrust upon him. This man is Marine Sergeant Nathaniel Hogan, seconded to the American Embassy in London and, although he does not know it, he is – The Forever Man.

The first pulse occurred in the old calendar year of 2022. A sequence of gigantic solar flares created a series of massive electromagnetic pulses that stopped the heart of our modern world and returned us to the DARK AGES.

Tens of thousands died within the first few hours as airplanes fell from the skies, hospitals ceased to work and every form of modern transportation ground to a halt.

Within days the death toll had reached the hundreds of thousands. Fires raged unchecked through the cities, water supplies ran out and survivors turn on each other as mob rule surpassed all else.

And Nathaniel finds that he has been changed by the huge amounts of Gamma radiation in the solar flares.

They have enhanced his natural abilities, giving him increased speed, strength and healing. Indefinitely extended his life span and enabling him to be able to draw on the power of the solar flares to create magik.

But even The Forever Man was not prepared for what happened next, as the ongoing flares tore a hole in time and space, creating a gateway through which ‘they’ appeared. From the realms of fantasy came the orcs, the goblins and, leading them all – the Fair Folk.

Were they here to help – or to conquer?

An Epic Fantasy Series at its very best.

Craig Zerf has gotten serious! This is the first in his MAMMOTH new Epic fantasy series. A true Fantasy superhero Saga that covers hundreds of years of man's dystopian existence under the yoke of the Fair-Folk.
