The Mind Games Women Play On Men Tonya Love

Whether they want to admit it or not most women play mind games on men. Some do it ruthlessly and maliciously and others do it because they feel that this is a clever way and the only way sometimes to get men to do exactly what they want them to do in a relationship. These mind games that women play involve the highest form of manipulation. For example, a woman shedding crocodile tears with the sole purpose of getting a man to bend to her will.

Some of these mind games are easy to detect and identify and others are not. In her book entitled *The Mind Games Women Play On Men* author Tonya Love identifies and describes in great detail the 23 most played mind games by woman in a relationship and how to effectively deal with and thwart these games if you're a man. The author has admittedly engaged in these mind games herself throughout the course of her relationships, so this book is based on her personal experiences as well as from her observation of other women and the mind games that they play in their relationships.
