## **The Meaning of Truth** William James

The key essay in "The Meaning of Truth" is the third, "Humanism and Truth". "Humanism" is James's preferred name for pragmatism. Here James lays out his thesis on truth as being a matter of continuity of experience and of useful relations with things. James always resisted the notion, commonly ascribed to many so-called pragmatists and relativists, that they "make it all up". James suggests that experience as a control is no mere fancy. James claimed to be constrained in his theorizing about truth and constrained by the world that is empirically there all around us.
