**An irresistible love story for fans of *The Beautiful Ruins* and *Where'd You Go, Bernadette*: Maggie O'Farrell's *This Must Be the Place* is a smart, sophisticated, spellbinding summer read that captures the collapse--and reawakening--of an extraordinary marriage.**

Daniel Sullivan, a young American professor reeling from a failed marriage and a brutal custody battle, is on holiday in Ireland when he falls in love with Claudette, a world-famous sexual icon and actress who fled fame for a reclusive life in a rural village. Together, they make an idyllic life in the country, raising two more children in blissful seclusion--until a secret from Daniel's past threatens to destroy their meticulously constructed and fiercely protected home. What follows is a journey through Daniel's many lives told in his voice and the voices of those who have made him the man he is: the American son and daughter he has not seen for many years; the family he has made with Claudette; and irrepressible, irreverent Claudette herself. Shot through with humor and wisdom, *This Must Be the Place* is a powerful rumination on the nature of identity, and the complexities of loyalty and devotion--a gripping story of an extraordinary family and an extraordinary love.
