Designed to accompany Ignatavicius and Workman's *Medical-Surgical Nursing: Patient-Centered Collaborative Care, 7th Edition*, this study guide helps you understand and apply material from each chapter in the text, and gives you added support as you learn to make safe and effective clinical decisions.

- **Study/review questions** provide a review of key content using a variety of question formats, including a high percentage of questions in traditional and alternate NCLEX® Examination formats. Answers are provided in the back of the book.
- **Case studies** in most chapters give you the opportunity to apply higher-level thinking skills to true-to-life clinical scenarios.
- **NEW! Increased emphasis on clinical decision-making** prepares you to confidently make safe and effective decisions in clinical practice.
- **NEW! Documentation practice questions** have been added to select case studies to help you take the next step in patient care, just as you would in clinical practice.
