**Taken in the Moonlight (BBW Paranormal Shape Shifter Werewolf Romance)** Tiffany Slayer  
The Complete Paranormal Erotic Romance Series, Parts 1, 2 & 3

## Part One

Cassie is headed to Crescent Hills, Texas to investigate reports of a werewolf sighting. What she doesn't know is that finding a shifter is as easy as looking in the mirror.

The wolf within her – along with the desire to mate – will be awoken by the strange town, and when the sun goes down, she'll be introduced to another world that exists under the light of the moon.

Royce likes to keep things simple. He doesn't like complications, but that's exactly what he gets when a sexy reporter arrives at his hotel. He knows more about her past than she does, and he knows the smart thing to do is keep his distance. Unfortunately, his wolf disagrees.

Unable to resist the new desires unleashed within her, Cassie will answer the call of the moon and Royce will introduce her to passions she has never felt before.

## Part Two

In the town of Crescent Hills, Cassie has discovered her legacy as her long-sleeping wolf finally awakens, consuming her with an insatiable need to mate.

Though drawn to the handsome and sexy Royce, Cassie is unable to ignore the lust that burns through her when confronted with the possibility of mating with two other members of the pack.

However, while her wolf craves something new, Cassie's desire for Royce is strong. The only way to satisfy the nature of both woman and wolf is to let all three men take her at once.

When the moon rides high in the sky, passions burn bright and hot. Are the feelings shared by Royce and Cassie real or are they nothing but shimmering illusions that exist only when their wolves are in control?

## Part Three

The full moon will be Cassie's first as a werewolf, and the night will be special because the alpha of the pack has plans to make her his to celebrate her entrance into the pack... and to show Royce who the boss is.

But Cassie is getting tired of being shared by others, whether that's her role as alpha female or not. Tired enough to consider leaving Crescent Hills and losing the power to shift. However, her wolf might not feel the same way.

Royce has kept his dislike for the alpha hidden... until now. He wants to make Cassie his, and has come up with a plan to make that happen. It's dangerous and there will be no second chances, but he's willing to make the ultimate sacrifice if that's what it takes.

All three parts now bundled for those who prefer complete stories over serials!  
Aprox 22,300 word novella
