## **Noticing God** Richard Peace

Where is God? How do we encounter God? How do we know it is God we encounter and not some figment of our imagination? Is it possible to know God in some sort of relational way? Richard Peace believes it is. But it requires a certain level of awareness, a certain discipline of the heart. Peace calls it the "spiritual discipline of noticing God." In this book he unpacks what it means to make a conscious practice noticing God in daily life. He explores the various ways people experience and recognize God's presence, including mystical encounters, ordinary daily life, within our hearts, through other people, through Scripture, nature and the church. Throughout he returns to the question of discernment, helping you understand how you can know that it is indeed God you are meeting in each of these places, not just some fanciful figment of the imagination. God is deeply present in our world, and you can actually encounter him. Here's how.
