Beasts of Legend: Beasts of the East (Volume 3) Thurston Hillman

Unleashed in the East! Beasts of the East reaches into the mythological and folkloric wellsprings across Asia to bring you an octet of amazing opponents. Whether your heroes are traveling on an epic transcontinental journey into Eastern lands, like the Far Eastern themed Adventure Path from Paizo Inc. (#49-54), or running a campaign already set in fantastic realms inspired by the Orient, Beasts of the East draws deeply upon the Asian legendarium to bring you creatures not just from the familiar stories of China and Japan, but ranges more broadly into the lore of Cambodia, Vietnam, and Tibet to bring you fantastic foes for your campaign. These creatively constructed creatures comprise a delightfully novel resource for GMs looking to expand their monster toolkit. The Beasts of Legend series from Legendary Games are not your usual bare-bones bestiaries, but bring you richly detailed and evocatively described monsters drawing upon the myths and legends of the real world with a double dose of fantastic flair. The Boreal Bestiary, Coldwood Codex, and Construct Codex have received lavish praise for their quality and inventiveness, and Beasts of the East follows proudly in their footsteps. The Legendary Games tradition is to combine rich story and background, innovative layout, beautiful aesthetics, and excellence in design that is second to none, allowing you to enliven and enrich your campaign in amazing and exciting ways. This product is the latest in that tradition, and we hope you enjoy using it as much as we enjoyed making it. Game on!
