Megiddo Paul Crouch, Cynthia Cirile

Prophecies spoke of mankind's final days... That time has arrived.

For a brief moment, two brothers stand silently side by side at Megiddo, overlooking the final battlefield where the world's mega-powers are strategically positioned to take control of mankind's future. Both men seek supernatural power, one to control---the other to save.

In an instant the silence is shattered and all hell is released.

The end of the world has hung in the balance for several decades as the lives of these two brothers criss-cross in time, in society and in matters of the heart. One brother spends years carefully laying foundations to seize world control. The other has another kind of purpose-driven agenda. But is it too late? Men and women are just too self-absorbed and busy to even notice the battle over their own destinies.

Megiddo is a well-crafted fiction that captures the life-and-death struggle between good and evil while handing you a heart-thumping, action-packed thriller loaded with intrigue and suspense. Brace yourself for the outcome!
