Craft in Motion: Iris Folding Eileen Goddard

Using the revolutionary Craft in Motion system of displaying movement on the page to demonstrate in flowing sequences, this guide shows how to create beautiful craft works using the relatively new craft of iris folding—in which paper or fabric strips are laid down in order around an aperture to create the illusion of looking at the iris of a camera. Following expert advice on ideal tools and materials for beginners, the basic techniques of iris folding are introduced. These techniques and possibilities are then brought together in six projects, which range from simple greetings cards for all occasions to scrapbook pages.
