Wonderful Blood: Theology and Practice in Late Medieval Northern Germany and Beyond (The Middle Ages Series) Caroline Walker Bynum

The quiet market town of Wilsnack in northeastern Germany is unfamiliar to most English-speakers and even to many modern Germans. Yet in the fifteenth century it was a European pilgrimage site surpassed in importance only by Rome and Santiago de Compostela. The goal of pilgrimage was three miraculous hosts, supposedly discovered in the charred remains of the village church several days after it had been torched by a marauding knight in August 1383. Although the church had been burned and the spot soaked with rain, the hosts were found intact and dry, with a drop of Christ's blood at the center of each.

In *Wonderful Blood*, Caroline Walker Bynum studies the saving power attributed to Christ's blood at north German cult sites such as Wilsnack, the theological controversy such sites generated, and the hundreds of devotional paintings, poems, and prayers dedicated to Christ's wounds, scourging, and bloody crucifixion. She argues that Christ's blood as both object and symbol was central to late medieval art, literature, pious practice, and theology. As object of veneration, blood provided a focus of intense debate about the nature of matter, body, and God and an occasion for Jewish persecution; as motif, blood became a prominent subject of northern art and a central symbol in the visions of mystics and the prayers of ordinary people.
