Front Mission 4 marks the return of the highly addictive strategy game series, available for the first time on the PlayStation 2. The game, set in 2096, takes place in Germany and South America six years after the original *Front Mission's* Second Huffman Conflict. The storylines of the two main characters, Elsa and Darril, are interweaved seamlessly in the game. Featuring an all new, innovative Link System, the game allows players to combine spectacular offensive and defensive commands against enemies. Gamers will also choose from a wide variety of wanzers and equipment and will be able to customize their wanzers for a range of battle options such as air strikes, air drops, repair work, turbo effects, and more. In addition, the massive, detailed map environments bring the adventure to life, as does the new voice acting, a first for the *Front Mission* series. **Not Final Cover.**
