## **Ergonomics in Manufacturing: Raising Productivity through Workplace Improvement**

This book explains how to prevent cumulative trauma disorders and lower back injuries. Learn to organize and manage ergonomics efforts, and discover how to achieve profitable results using various corporations around the world as models for success. Editors Waldemar Karwowski and Gavrial Salvendy have assembled the foremost international experts from industry, government, and academia to contribute their views. Each is backed by an impressive number of enlightening case studies and real-world examples supported by figures and tables that are essential to any effective ergonomics plan.
