Each book in The Moment of Truth trilogy is told from the perspective of former best friends Lyla, Aven, and Quinn. When they were freshman, they wrote emails to themselves about one thing they hoped to accomplish before they graduate. Over the course of the series, which takes place on their senior trip, each girl tackles that email all while learning about life, love, and the truth about the fight that ended their perfect friendship.

In the final book, Aven must decide if, when it comes to deciding between friendship and true love, she is able to listen to her heart. For the past four years she has shared everything with her best friend, Liam . . . except for the secret she knows would ruin their friendship. The one about how she's loved him since the first time they met.

But now everything is about to change.

With the end of high school drawing near, and the seniors headed to Florida for a class trip, Aven is determined to tell Liam the truth. Even though he already has a girlfriend. Even though Aven's finally met a great guy who likes her back. Even though Liam reciprocating her feelings is as terrifying as him rejecting her. Because no matter what he says, Aven knows that once the truth is out, things will never be the same.
