Babyville: A Novel

Jane Green

Babyville: A Novel Jane Green

Meet Julia, a wildly successful television producer who appears to have the picture-perfect life. But beneath the surface, things are not as perfect as they seem. Stuck in a loveless relationship with her boyfriend, Mark, Julia thinks a baby is the answer . . . but she may want a baby more than she wants her boyfriend. Maeve, on the other hand, is allergic to commitment. A feisty, red-haired, high-power career girl, she breaks out in a rash every time she passes a stroller. But when her no-strings-attached nightlife leads to an unexpected pregnancy, her reaction may be just as unexpected . . . And then there's Samantha—happily married and eager to be the perfect June-Cleaver mother. But baby George brings only exhaustion, extra pounds, and marital strife to her once tidy life. Is having an affair with a friend's incredibly sexy husband the answer?

With *Babyville*, bestselling author Jane Green applies her golden touch to the next phase of a girl's life. By turns witty, rollicking, and tender, this sparkling, sexy tale about the complexities of modern motherly love isn't really a story about babies—it's about three friends whose lives are suddenly turned upside down by that life-changing event that hangs over the head of every single girl: motherhood.
